

Sanitise and steam mop surfaces with Bio Steam's Matrix SO8

The **Matrix SO8** is the **smallest stainless steel cleaning** solution that uses dry vapour steam and UK manufactured equipment to give your general cleaning challenges an extreme clean. This steam-only model can come equipped with a steam mop system and a trolley for portability. This unit has a built in water reservoir to allow for continuous steam production in the boiler. **Floors, kitchen equipment, ovens, grouting, walls, ceilings, showers, glass, mattresses and windows** will be quickly, easily and reliably cleaned and disinfected. You'll be impressed with the output of steam from this small 10A model, almost comparable to its larger brother the Vega Plus. Purchase of the unit comes with the basic hose and tool system, with the flexibility to add a steam mop and a carry-trolley. [More Information](#)

How does it work?

Specialised cleaning tools help dry vapour steam molecules penetrate even the smallest pores, **killing bacteria and forcing dirt and debris to the surface** – without any chemicals! The steam-only system leaves surfaces hot with minimal residue that quickly evaporates, for a quick and efficient clean.

What are the benefits?

- ✓ **Exceed** HACCP and all food hygiene requirements
- ✓ **Reduce** cleaning time with instant-dry surfaces
- ✓ **Extend** the life of your appliances and equipment
- ✓ **Eliminate** detergent build-up for slip-free floors
- ✓ **Save** money on water and chemicals
- ✓ **Increase** the efficiency of your staff
- ✓ **Be** environmentally friendly

Who does the Matrix SO8 suit?

The SO8 is suitable for **healthcare, aged care, retail, cleaning contractors and high end domestic users** that need a **simple, safe and convenient** cleaning solution. The SO8 is Biosteam's entry level machine, without sacrificing the stainless steel construction or power not found in smaller plastic machines. This UK manufactured model is perfect for smaller sites that don't require the constant grunt of higher end machines, such as Veterinary practices, aged care, cafes, medical centres or even a quality unit for around the house.

How can I buy a SO8?

- 1) **buy now** via PO or CC to info@biosteam.com.au
- 2) **rent now** – for a day, a week, a month
- 3) **rent now, buy in 12 months** – and get a 75% rebate on the rental cost.

Technical specifications	
Steam Pressure	8 bar
Electricity Supply/Frequency	230V 50/60 Hz
Power (watts)/Current (amps)	3000 watts
Operating time	Continuous
Steam Temperature	180°C
Heating Time	
Water tank	5L
Chemical tank	N/A
Stainless steel boiler	3.3L
Housing cover	Stainless steel
Steam control	
Electro valve	
Electric cables	
Safety thermostat	
Electrical switches	
Power cord length	10m
Weight	20kg
Dimensions (L x W x H)
